K. F. Koshlars,
21 Taubchenweg,
Leipzig, Germany.

Sir:-

I am returning under separate cover two copies of your catalogue of German books 1914 - 19 sent one to our Society and the other to the Library of our Society accompanied by bills for M.1-30 each. I can not find that we have ever requested that you send us your catalogues in this manner, and because we disapprove of this way of sending out catalogues I would request that you kindly remove the name of our Society and its Library from your mailing list.

Very truly,

Secretary.

November 12th, 1919.

K. F. Koehlers Antiquarium,
Taubchenweg 21,
Leipzig, Germany.

Dear Sir:-

Referring to your catalogue under date of April 1915, I beg to advise that we should be very glad to have the following numbers in the appended list if you are still able to supply them. I presume that some of them will have been sold in the meantime. For that reason I am sending a draft for a little less than the total amount of the list. With the exception of No. 230, which I should like sent us immediately, we should prefer that you hold the balance for later instructions from us. If you will inform me the amount of the portion not covered by our draft, I will at once send you a remittance to cover. The reason for desiring this procedure is in order to avoid a congestion of the mails at the present time. I am hoping that you will have most of the titles we desire.

Yours truly,

Secretary.

Dear Sir:

We are this morning in receipt of an additional statement under date of April 1st. This claims a balance in your favor of 223.79 marks. From the accompanying sheet, however, you will see that you have failed to credit us with Mrs. Brett's remittance for 365 marks, for which we hold your acknowledgment under date of March 9th. It is hardly surprising that this was not credited against our account by you, inasmuch as it was sent in Mrs. Brett's name and you may very possibly have forgotten that the invoice of December 19 - Item No.383 of your catalogue - was ordered by her and sent to her in the care of the American Numismatic Society. Will not this, therefore, leave a balance to our credit of 141.21. I await your reply.

I should, also, like to have a word as to your success or failure in locating a copy of Holm's Geschichte Siciliens.

Yours truly,

Secretary

Taubchenweg 21 — Postfach 81

Dear Sir,

I have pleasure in informing you that the prices for german books are going to be reduced from february 1st 1921.

- 1) the supplementary dearness provision of 20% will be suppressed altogether,
- 2) the rate upon which the exchange is based will be reduced considerably.

The new rates of exchange for your country are calculated in a proportion to M 100, whilst before they were fixed M 100.

These rates newly fixed are expected to remain steadily, but an increase or a fall of the Mark would consequently produce a corresponding alteration. A new and clever system of control will be applied to prevent a deception of the terms of sale.

To please to a great number of my customers I am willing to bear in mind all export taxes myself, so that only carriage remains to be paid and a small amount for packing. As my invoices are calculated in german currency (Mark) a good opportunity is given by making use of the low exchange of the Mark.

My specialities principally attended to.

- 1) to procure books out of print and books that have become rare through my

Central Office of desiderata,

organized on a new and modern style,

- 2) subscriptions of all periodicals and books, complete sets of periodicals and other publications. Catalogues of new books are at the disposal of my customers at cost-price, catalogues of second-hand books are distributed free of charge. Quotations of prices are given on application.

My firm has a good reputation all over the world and is existing nearly 75 years. True to the principles which have guided me all this time, I trust that I may succeed in satisfying all those who place their confidence in my firm.

I am occupied at present with the completion of the lists of all my customers and would be obliged if you would kindly return the attached sheet with answer.

I remain, dear Sir,

very respectfully Yours

We desire to ascertain the cost of compiling our set of Rechts der Fortlandens. We have Volumes I to III, Nos. 1-186, up to 1899 inclusive. After that, we have the years 1900 to 1914, Vols. XIV to XVI inclusive. (Do you have the Index for the years 1912-1914? Was one published?)

Also, will you inform us whether the periodical has been published since 1916?

We are also, will you quote us number 1 of Vol. of Fortlandens, Nos. 187-200 inclusive, the Index for the years 1911-1914 and the Index for the years 1915-1916.

Gentlemen:

I have your letter of November 15th stating that you had sold the item offered to me in your previous letter. I must say that I think this shabby treatment. If you indeed intend to reserve the volume until I could accept your price, I am at a loss to understand why you offered it to me.

I told what you say regarding the item in my letter of October 29th and I admit your further commination. Unless, however, there is assurance that such an occurrence as the above will not be repeated, I feel that it will be a waste of our time to try to do business with you.

Dear Sir,

We are in possession of your letter dated December 3rd 1921 but cannot understand why it should be a shabby treatment, when we write you of an item being already sold on arrival of your order.

It is business-use all around the world that offers are made without engagement. Under present conditions no people can warrant whether the book is still available, so much the less we had only an offer from our purveyor the book itself was not in stock.

Would it not be the best you give us for each item you asked price for a limitum? This would enable us to buy the book for you, as soon as it turns up and such an occurrence as the above will not be repeated.

You know that our prices are made as cheap as ever possible and our former offers will give you a basis on which you can make your limitum.

Hoping that our proposal will meet your agreement we beg to remain with best wishes for a happy New Year,

very truly yours

Reduction of prices for books.

Dear Sir:

We beg to inform you that in connection with the directions given in the "4. Notverordnung des Deutschen Reichspräsidenten" dated December 8th 1931, the German publishing firms are in a tendency to reduce prices for publications which have been issued before July 1st 1931. This reduction of prices depends exclusively upon the individual disposition of each German publisher.

We are therefore very glad indeed to assure you that we shall supply at

reduced prices
all German publications, which are fixed for this reduction, from that date on which the reduction has become effective by the different publishers. By this way you get your books through us at the most favourable prices as you always did before.

To our regret no compensation can be given for publications reduced now, but supplied before.

We are sure that this opportunity, the reduction of prices, adapted by each publisher according to his individual directions, will be profited by several firms in making offers at dumping prices, which they are not in a position to fill nor in a right to make. We therefore ask you kindly not to get influenced by such measures, but to send your orders as hitherto confidently to us. You may be sure that according to the proved tradition of our firm we shall also in future serve our customers as cheap as we possibly can.

Very truly yours,

K. F. KOEHLERS ANTIQUARIUM
